Strategic / Perspective Plan for the Academic Year 2021-22

Students were gearing up to grab their first jobs out of campus. Hence like all other things in career life, students need to not just prepare for an interview but Prepare an “Action Plan” for their career. So they can land the perfect first job or entrepreneurial activity. IQAC along with the placement cell has taken the initiative to organize placement week with renowned companies on campus. The Institution has made remarkable growth in placements in the last decade through a strong and dynamic Training and Placement Cell. It is catering to the needs of the industry by ensuring that the students meet the desired skill set level. The placement office supports the Team of HR from the industry to conduct the pre-placement talk, written test, Group Discussion, and interview in an effective manner. The placement cell takes an effort in guiding the students to their successful careers. The objectives of strategic decisions are as follows:

1. To assist and guide students to get acquainted with the right employability and entrepreneurial skills.
2. To provide a platform for students to showcase their talent and grab the right jobs opportunity.
3. To provide life-long learning to the students.
