Date –21/01/2020

Ms Shobha Supekar

The guest lecture was scheduled on 21.01.2020 at 10:30 in the auditorium for all the MBA juniors. Mam explained the institute features and the various courses available in the institute like, cooking course, fashion designing, saree draping, Henna, painting, etc. After elaborating the different course structure madam spoke about the need for Women Entrepreneurship development, growth areas, skill set required to become a successful entrepreneur. Mam also told us about how women are growing slowly and how there is still need for women empowerment. Mam motivate all the students to go beyond their limits and achieve the things which are seem to be impossible. Various ways to achieve the goal was explained.

Speaker also explained how women's are suffering till today and how the life of women have been from past years. Women's are fulfilled with various responsibilities and thus they priorities other things before thinking about themselves. Sometimes they lack at family support and sometimes due to family background they take a foot back and that's the scenario which needs to change. Women should know their worth and take a step forward toward their dreams and their single step really make a difference and to take that step mam told us how there institute help women's. The work done by their institute is really amazing, the opportunity they are providing is appreciated.
